SUPPORT KINDEROORDEN BRAKKEPUT

The season of charity and cheer is upon us. Century21 have proudly supported the local Curacao community for 15 years. This year is like no other! On 18 November, the C21 team participated in the walk to support Brakkeput Kinderoord. The inspiring foundation guides children and families who are struggling to ensure they get back on their feet again to participate in society. Together, the Century21 team raised 2,000 ANG and presented the check to the foundation on 20 November.

If you are looking to support a charity this season, or any time of year, perhaps Stichting Brakkeput Kinderoord is a good choice.

Every young child has the right to develop and get the best out of themselves.

The foundation is always accepting donations and needs volunteers. If you'd also like to support their wonderful cause, please donate here:
